

THE WEST TEXAS CHAPTER
SERVING GREATER WEST TEXAS SINCE 1952

TOP REASONS TO JOIN WEST TEXAS AGC

1. Project & Bidding information

The West Texas *AGC Newsletter and Project List* sent by email or accessed online each Thursday provides complete information on projects available to bid, i.e. scope of work, bid dates and time, A & E or CM to contact, bidders list, bid tabulations and contract awards. The *Update* issued the other 4 weekdays, provide notices of new projects and related information i.e. addenda and bid date changes.

2. Internet Plan Room and Physical Plan Room Services

Our **internet plan room service** provides accurate and prompt information on projects throughout the chapter territory and beyond for building, industrial, roadway, utility, maintenance and supply projects. Available 24/7 from internet access. This on-line access to projects, plans, specifications and bidder information is a benefit of your West Texas AGC membership **at no additional subscription fee.**

WTAGC has 4 **physical plan room offices** available to provide reprographic services, review projects by hard copy or on-line through computer access. Plan rooms are equipped with a member use computer, estimating desks, copiers, wide and standard office supplies. Plans may be reserved for overnight or for week-end check-out.

3. Employer Policy & Manual

Each new member is provided with an Employer Policy and Procedures manual customized with your company name. Information includes policies on: a Corporate Safety, FMLA, Theft and Vandalism, Equal Opportunity, standard posters required for jobsites, and examples for company policies for drug or alcohol testing or sexual harassment to name just a few. Available on CD for further customizing and to fit your company needs.

4. Legislative Resources

Membership with the chapter includes membership to the State and National AGC organizations resulting in a direct link and access to the important construction issues happening at the State Capital and in Washington D. C. AGC Lobbyists look out for the interests of the construction industry, keeping you abreast of the issues, giving you a voice and opportunity to be involved. An Advocacy site on our web page with Legislation and Politics that impact our industry keeps you informed.

5. Membership Discounts

There are over 25 dividend and saving programs for our members through the Chapter or AGC of America. These include workers comp dividends, cell phone discounts, rebates on new vehicles, shipping discounts, office supply discounts and more that all add up for your ROI. Find out how to save by a visit to wtagc.org.

6. Education & Training

Each week webinars and seminars are posted in the newsletter to notify our members of offerings that will assist them to train or develop professionally. Safety Training on line or special classes may be organized to assist our members. Chapter meetings are rotated to the various plan room cities quarterly to allow networking opportunities.

7. Membership Directory

AGC is known as the Association of skilled and quality contractors. Many owners and contractors contact our chapter offices as the resource for construction referrals. Our chapter member directory is listed on our website and is searchable by area or work description. Companies with a website can have their URL (website) listed so that when your company is searched/reviewed; it will take them directly to your website or customize their listing for greater advertising impact. A printed directory lists current members offering additional opportunity to showcase your company.

8. Safety

Safety Tips are a weekly feature in our *Newsletter* using Tool Box Talk or similar Safety training which can be used for your weekly safety meetings. Safety classes can be organized and scheduled for your company to fit your needs and times. Safety Inspections can be scheduled through a Safety Consultant on contract with WTAGC.

9. Staff Resources

Whether it is a lien form, OSHA forms, OSHA Posters, a new project you are searching for, posting a job notice, or something else that is before you, please contact us. We are here to assist you with the needs that arise in the industry.
