You have access to the many services provided as a member of this association. Some of the services are direct from the West Texas Chapter and others are from AGC of America. If you are not accessing or using the programs or discounts provided with the membership, here is a reminder of how they will benefit you, your employees, and your bottom line.

Our top priority is information and we aggressively work every day to bring you current and pertinent information that will help you in your business. This is through jobs to bid, webinars, local events, legislative action to consider, or savings for your company. As a business owner your time is valuable and by consolidating information and providing it to you in a simple format, **we can save you time and money while assisting your company as it grows professionally and profitably.**

Your membership identifies you as a leader in the commercial construction profession throughout our region and the U.S. furthering your own efforts to be recognized. Access is provided to others searching for quality contractors via the West Texas AGC website directory, our chapter printed directory and the AGC of America on line directory. Watch for the 2nd edition of the printed directory in April 2018.

Benefit from AGC of America's 100 years of national leadership and extensive resources. AGC is the construction leader in keeping up with the trends of today, the changes for tomorrow and sharing those with the members. A recent success is the "Contractor Development Series". Take part in the continuing free WebEds from this series in January and February.

Plan room service that is second to none and is provided to WTAGC members with both physical and internet plan room services at no additional fee. Coverage is the West Texas Chapter 69 counties as well as larger parts of Texas, eastern New Mexico, and southern Oklahoma.

You have a strong advocate on the state and federal level with AGC and AGC-TBB leading the way in public policy and fighting on behalf of the commercial construction industry. Our State Legislative work on behalf of our members is through the AGC-TBB, Texas Building Branch.

Discount and dividend programs through our key partnerships offer valuable savings programs that will positively affect your bottom line. Did you buy a vehicle? Ship a package? Stay in a hotel? Buy office supplies? Need an OSHA 10 class? Need 10% dividend on your worker's comp insurance? **If you are not using these and saving money, start now.**

The West Texas AGC website, weekly newsletter and AGC opportunities through various medium will keep you up with vital information on industry issues, trends, and events.

Opportunity to get involved by submitting an application for an award program or participating at the annual Scholarship Golf Tournament, Lunch-n-Learn sessions, training in your area, or host a Safety Stand Down for your company.

At West Texas Chapter AGC we want to be a partner in your company's success. Contact any of our offices or Cassie Hughes at 325.676.7447 or chughes@wtagc.org for further information or suggestions on how we can assist you better. We look forward to serving your company in 2018.
