## West Texas AGC News & Resources

### SAFETY TIPS - Proper Lifting & Stretching

Repeated lifting, bending and twisting can result in a variety of injuries. Back strain is the most common type of injury and can result from overstretching muscles. To avoid injury, stretch your muscles before starting your workday and use safe lifting techniques with every lift. Today's Toolbox Talk provides 8 tips for safety.

### Get Out the Construction Vote

We need your help to turn out the construction vote this November. Last week, AGC of America announced the creation of an [Election Center](#) where individuals can register to vote or check their registration status, obtain early voting information, request an absentee ballot, and view the candidates that will be on their November ballot. The center also includes [nonpartisan resources](#) for member companies, which can be used to remind employees about the importance of voting and participating in this year's election.

*Provide information and encourage your employees to register and vote!*

### ADVERTISE YOUR JOB OPENINGS ON THE WEST TEXAS CHAPTER CAREER CENTER
