NATIONAL AGC SAFETY AWARDS (NASA)

Return attached form by February 11, 2022 to abilene@wtagc.org.

**Participation in the NASA Awards Program is for EVERY
West Texas AGC General Contractor and Associate/Sub-contractor**

Divisions include

- Building
- Highway
- Federal and Heavy
- Municipal/Utilities
- Associate/Specialty

Participation is simple. Transfer the information from your OSHA 300A form to the form attached, provide your work hours, contact person and send this form to the West Texas AGC Chapter. If you do not have your AGC member ID, no problem, we can provide that information.

What it can mean for your company!

Acknowledgement and recognition of a company's safety record through receipt of the NASA award from AGC and subsequently Safety Excellence from AGC-TBB, provides excellent marketing tools to place in a bid packet (RFP, RFQ) response. As you will read below, the history and reports provided through participation, allows your company to excel along with others across the State and Nation in safety excellence.

Please make this a part of your SAFETY program.

ASSOCIATION

32ND ANNUAL NATIONAL AGC SAFETY AWARDS

The National AGC Safety Awards (NASA) program has been an ongoing effort since 1991 to offer AGC members an opportunity to evaluate their safety record. The NASA compares an AGC member's safety record with other AGC members according to the member size and construction type. Additionally, the NASA provides a great opportunity for members who have excellent safety records to compete for nationally recognized awards.

Eligibility: These awards are open to AGC member companies only. The 3-year participation requirement has been removed.

How to Enter: A Chapter must submit an entry on behalf of the AGC member company. Each chapter will be e-mailed an electronic application form on or before **January 3, 2022**. Chapters can edit the participation form to suit their needs.

Award Categories: The NASA program has two award categories, AGC Member Awards and AGC Chapter Safety Awards.

AGC Member Awards: The AGC Member Awards are given to members who have a zero-incidence rate or who have an incidence rate 25 percent below each occupational division's average (AGC divisions include: Building, Highway, Federal & Heavy, Utility Infrastructure, and Associate/Specialty).

- AGC provides awards to members who have participated in the awards program for three consecutive years and have a zero-incidence rate – **Certificate of Commendation.**
- AGC provides awards to members who have participated in the awards program for three consecutive years and have an incidence rate below 25 percent of their division rate – **Certificate of Commendation.**

AGC will send all member awards to the Chapter for distribution.

AGC Chapter Safety Awards: The AGC Chapter Safety Awards are based on a weighted average of participation and the overall incidence rate of the Chapter's members. Each Chapter is divided into four size categories:

- Less than 50 members;
- 50-100 members;
- 101-200 members; and
- Over 200 members.

The first-place winners for each division will receive plaques and the second and third place winners will receive Certificates of Excellence.
