|------------------------------------|---------------------|-----|-----|-----|--------------------|
| | (G) | (H) | (I) | (J) | |
| Building | | | | | |
| Highway | | | | | |
| Federal & Heavy | | | | | |
| Utility Infrastructure | | | | | |
| Associate/Specialty | | | | | |

1. Chapter Code and Name: **450 - West Texas Chapter AGC**

2. **AGC Member ID Number:** _____
(West Texas AGC will fill this in if you do not have your number)

3. **Company Name:** (as it should appear on the award):

4. **Contact Person:** _____
Name Phone

5. **Construction Type:** Review Division Descriptions below - Circle your Division

Building | Highway | Federal & Heavy | Municipal-Utilities | Associate/Specialty

- a) If you perform work in multiple divisions, you can do one of the following:
 1. Compete in **one division** by submitting your safety statistics and work hours for that division only: or
 2. Compete in **multiple divisions** by separating your safety statistics and work hours accordingly.
- b) Multiple entries in the same division are **not** allowed.
- c) If you perform work in multiple states, you must report all safety statistics and work hours for those states. **Do not** separate by state.

Division Descriptions

- **Building:** Projects include single-tenanted or multi-tenanted office buildings, restaurants and retailers, industrial facilities such as heavy manufacturing, bulk warehouse, mixed-use industrial and office space, and light assembly, as well as multifamily properties - condos, apartment, townhomes, high-rise apartment buildings, co-ops, etc.

- **Highway:** Projects include highways, bridges, lane expansions, interchange improvements, new interchanges or alignments, overpasses, pedestrian bridges, road tunnels, transit and railroad projects.
- **Federal & Heavy:** Federal projects are completed for the Corps of Engineers, NAVFAC, the Air Force, GSA or other federal agencies; any type of marine construction or dredging projects for sports and inland waterways; flood control and prevention projects for the Natural Resources Conservation Service, Bureau of Reclamation and any industrial plant construction. Heavy contractors' operations may not fall within the definition of the other divisions and engages in heavy construction other than buildings. The completed projects include but are not limited to sewers, irrigation projects, flood control projects, trenching/excavating, and marine construction.
- **Utility Infrastructure:** Projects are related to water and wastewater, underground utility, site preparation and other types of public works construction such as public facilities, gas, water, sewer, or electrical. Construction or rehabilitation is typically underground, but is not all-inclusive and may be open, cut or trenchless.
- **Associate/Specialty:** Specialty contractors' operations do not fall within the definition of "general contractor". A specialty contractor may only subcontract work that is incidental to the specialty contractor's work. Vendors and suppliers also fall into this division. A vendor or supplier is any company that provides construction services or materials, manufactured products, construction equipment or other goods to contractors or specialty contractors.

AGC Awards & Recognition

The AGC Member Awards are given to members who have a zero-incidence rate or who have an incidence rate 25 percent below each occupational division's average (AGC divisions include: Building, Highway, Federal & Heavy, Utility Infrastructure, and Associate/Specialty).

- AGC provides awards to members who have participated in the awards program for three consecutive years and have a zero-incidence rate – **Certificate of Commendation.**
- AGC provides awards to members who have participated in the awards program for three consecutive years and have an incidence rate below 25 percent of their division rate – **Certificate of Commendation.**

Return to West Texas Chapter AGC, Inc., abilene@wtagc.org or by mail to 3125 S. 27th St. Suite A, Abilene, TX 79605 no later than **February 11, 2022.**
