

WEST TEXAS AGC CHAPTER

“SCHOLARSHIP FUND”

GOLF TOURNAMENT

History & Purpose

The generous sponsorships and donations of time from our membership and the industry, allow the West Texas AGC Chapter to develop a scholarship program that offers an “Annual” undergrad scholarship to graduating seniors, those in technical school and even students currently in a four-year college program. The scholarship requires students pursue a degree or be in a program that pursues a career in construction.

From 2013 through 2022, 31 scholarships have been presented for a total of \$47,350.00. Most scholarships have been issued to graduating seniors while others have been to repeat West Texas AGC scholarship award recipients. Graduating students are in the industry as estimators, project managers and engineers and others have had internships with firms in the industry. These include sons and daughters of our members.

- Jenny White Graduate Texas A & M Estimator - Joeris
- Thomas Haverdink Graduate Texas A & M Mechanical Engineering
- Reid Watts Graduate Texas Tech Mechanical Engineering
- Keegan Campbell Attending Texas Tech Mechanical Engineering

For 2023 the annual scholarship golf tournament is a late spring tournament and will be hosted at the LakeRidge Country Club in Lubbock, Texas

The date is set for an afternoon scramble on Monday, May 22, 2023. We would appreciate your sponsorship | participation to play and ask your help to continue this great program. Please review the attached Sponsor | Registration form and commit to participate!

To help with the tournament or any questions, contact Bryan Walters, 806.548.2079 or Heath Davidson 806.438.4285 at Henthorn Commercial Construction, or Cassie Hughes, West Texas AGC, 325.676.7447.

Thank you for your support!
