We have had an excellent experience with SANA. There are some features to this program that our employees have been extremely happy with that eliminated their out of pocket expense in many circumstances. Everyone is happy and it did not hurt that they saved us over 20% on our premiums. Every company should check this plan out."

GABRIEL TRINIDAD

"SANA is great. Personally I have used it several times myself and not had any problems. Also, our employees have not had any issues whatsoever. It also does not hurt that they saved us over \$40,000 from what we were paying with United Healthcare"

TIM SLIGER

AGC AUSTIN
AUSTIN, TX

"Since switching to Sana in 2022, the Austin AGC has saved 20% on annual insurance premiums without sacrificing the high quality or availability of medical care. We're very happy with Sana!"
