

WEST TEXAS AGC CHAPTER SCHOLARSHIP FUND GOLF TOURNAMENT

History & Purpose

The generous sponsorships and donations of time from our membership and the industry, allow the West Texas AGC Chapter to continue a scholarship program that offer undergrad scholarships to graduating high school seniors, students in technical and trade schools, and college students currently enrolled in a four-year college program. The scholarship requires students to seek a degree or be in a 2 or 4-year program that pursues a career in construction.

From 2013 through 2023, 38 scholarships have been presented for a total of \$62,350.00. In 2023 our Chapter was able to distribute the largest number of scholarships since 2013. We were able to provide \$15,000.00 in scholarships to 7 students. Most scholarships have been issued to graduating seniors while others have been to repeat West Texas AGC scholarship award recipients. Graduating students are in the industry as estimators, project managers and engineers and others have had internships with firms in the industry. These include sons and daughters of our members:

- | | | |
|--------------------|----------------------|------------------------------|
| • Joey White | Graduated Texas Tech | Project Manager - Joeris |
| • Jenny White | Graduate Texas A&M | Senior Estimator – Joeris |
| • Thomas Haverdink | Graduate Texas A&M | Project Engineer – Crossland |
| • Reid Watts | Graduate Texas Tech | Project Engineer – Sedalco |
| • Keegan Campbell | Attending Texas Tech | Mechanical Engineering |

The 2024 scholarship golf tournament will be hosted at the Hillcrest Golf and Country Club in Lubbock, Texas

The date is set for an afternoon scramble on Monday, April 29, 2024. We would appreciate your sponsorship and participation and ask for your help to continue this great program. Please review the attached Sponsor and Registration form and commit to participate!

To help with the tournament or if you have any questions, contact Bryan Walters (806.548.2079) or Heath Davidson (806.438.4285) at Henthorn Commercial Construction, or Scott Hughes (325.676.7447) at West Texas AGC.

Thank you for your support!
